Allowable Subject Matter

Claims 3-16, 19-26, and 28-40 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 3, the prior art of record fails to suggest the claimed process for producing a multi-layer printed wiring board, particularly having an inter-laminar adhesive film that has a layer of resin composition that is solid at ambient temperature and comprising the claimed components a-c. There is no suggestion in the art to use such an adhesive in making a multi-layer printed wiring board.

Regarding claim 5, the prior art of record fails to suggest the claimed process for producing a multi-layer printed wiring board, particularly having an inter-laminar adhesive film that has a layer of resin composition that is solid at ambient temperature and comprising the claimed components a-d. There is no suggestion in the art to use such an adhesive in making a multi-layer printed wiring board.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
